Minnesota Tree Care Advisor Application for Emeritus Status

Emeritus is a semi-active status for Minnesota Tree Care Advisors (TCAs) who have made significant contributions to the program but now must limit active participation most often due to retirements, health issues, or new family obligations. To be considered for Emeritus status, you must be an active Tree Care Advisor with a minimum of 10 years or 1,000 hours of prior service.

Emeritus Tree Care Advisors may continue to serve as a resource to other volunteers and participate in activities as they are able. Emeritus Tree Care Advisors will not be allowed to teach classes or offer tree care advice through the TCA program unless Commitment Renewal trainings are completed. Emeritus Tree Care Advisors may continue to report volunteer hours if possible.

Requests for Emeritus status are accepted all year. Applications are reviewed by current program coordinators.
