

Minnesota Tree Care Advisor
Application for Emeritus Status

“Emeritus” is a status for Minnesota Tree Care Advisors (TCAs) who have made significant contributions to the program. Emeritus volunteers get in free to all Tree Care Advocate Programs. The status also allows continued participation by these individuals if they must limit active participation due to retirements, health issues, or new family obligations. To be considered for Emeritus status, you must be an active Tree Care Advisor with a minimum of 10 years or 1,000 hours of prior service.

Emeritus Tree Care Advisors may continue to serve as a resource to other volunteers and participate in activities as they are able. (They have no minimum annual volunteer hours commitment.) Emeritus Tree Care Advisors will not be allowed to teach classes or offer tree care advice through the TCA program unless continuing education hours are completed. Emeritus Tree Care Advisors should continue to report volunteer hours if possible.

Requests for Emeritus status are accepted all year. Applications are reviewed by the program coordinator.

Date: _____

Name: _____

Membership Number (if known): _____

Years of Service: _____
